Key:

This file consists of 31 pages.

To properly print these flash cards, you need standard North American business card stock:

Dimensions: 8.5 inches wide by 11 inches long

Margins: 0.5 inches top and bottom; 0.75 inches left and right

Card size: 3.5 inches long by 2 inches high

First print the **'front' pages: 1-15.**

Then flip the result over, reinsert the pages into your printer, and print the **'back' pages: 16-30.**

The result: perfectly printed flash cards.
